

Boomerang Air Charter

10151 Deerwood Park Blvd, Building 200, Suite 100
Jacksonville, FL 32256
USA

Phone: 8884157779

Boomerang Air Charter was founded in 2003, with the vision to provide excellent air charter service for business and professional travel.

What started out as a dream, has grown into a company large enough to

accommodate the varied demands of our clients, yet small enough to remain

personable. A cut above the rest, Boomerang brings first-class customer service to

each flight while having the personal feel of private travel. With flight operations in

the Southeast and the Bahamas, we are able to depart from over 5,500 airports in

the country and are proud to be considered one of the top air charter companies in

the area. We invite you to contact Boomerang for a personalized travel quote and

experience the difference when you fly. Website:
